

Darwin Cycling Club membership structure and prices – 2019

All memberships with [Darwin Cycling Club](#) (DCC) are purchased through [Cycling Australia](#) (CA) as our affiliated peak cycling organisation. Most of the membership cost is for insurance, a smaller part goes to the State/Territory Cycling organisation (e.g. Cycling NT), and a much smaller part goes directly to local Clubs. Clubs have the option to vary the amount they want to receive within a small range, which is why a price range is shown at the Membership checkout. DCC sets the Club contribution to the lowest amount to encourage participation – you still have the same insurance coverage.

There are four types of Membership: **Race**, **Ride+**, **Ride** and **Non-Riding**. We encourage all riders to purchase at least a **Ride** membership as you will be covered by insurance for all riding such as personal training or commuting, as well as DCC's training events and social rides. If you want to participate in any of our races you must have a **Race** membership. **Ride** and **Ride+** memberships can be upgraded to **Race** on a pro-rata basis. All membership types are for 12 months from the date of joining (can be paid on a monthly basis), except the two short term **Race** memberships: 2 months (for new **Race** members only) and 7 days. **Race** and **Ride+** membership costs vary depending on your age group.

For **Race** memberships you can choose whether it is for any race in Australia conducted by CA and their affiliated States or clubs ('**National**'), or your local club (**Regional**). There are three Regional age groups and five 'National' age groups. Regional memberships are somewhat cheaper, and in the NT they allow racing with both DCC and Alice Spring Cycling Club. If you intend on racing NRS, State or National Championships you will be required to purchase a full 'National' **Elite** membership.

Race memberships – 12 month prices unless otherwise stated. Additional event entry fees may apply.
